4:00 pm	Workshops	Forums	Poster
	Break	Break	
6:00 pm	BVG General Assembly	Break	
7:30 pm	Ice breaker evening	Social evening	Programme in German and English.

Call for Papers: Presentations and poster

The German Geothermal Association calls to sign up for presentations of the German Geothermal Congress 2019. Please submit your abstract until **31 May**, using the [online](#) form available at www.der-geothermiekongress.de.

The Science Committee chooses the lectures from all submissions and arranges them into thematic groups. After 15 July the speakers will be informed whether their presentation was accepted. Speakers receive a discount on the participation fee. Please register [online](#) for the congress.

A presentation is supposed to take a maximum of 15 minutes with a subsequent discussion. The presenting language is generally German; English presentations are also very welcome. A formulated version of the accepted presentation or poster appears in the digital conference proceedings. Please send the extended version of your presentation until 30 September [online](#). You will find further information and a style sheet for the creation of a manuscript on the website of the congress.

▣ Dates:

- Submission of the abstract until **31/05/19**
- Notification of the speakers after **15/07/19**
- Submission deadline for the extended version until **30/09/19**

The conference welcomes all papers and posters on all relevant topics concerning geothermal energy, but particularly on the following main topics:

Deep geothermal energy

- District heating & grids
- Innovative technical developments
- Exploration & reservoir management
- Coproduction of geothermal fluids

Shallow geothermal energy

- Innovative system concepts
- Borehole heat exchanger and grouting materials
- Cold local networks & area networks
- Quality management & certification

Overlapping topics

- Subsurface thermal storage
- Legal framework for geothermal projects
- Integrated energy supply
- District heating 4.0

Call for Papers: Poster for the Science Bar

The Science Bar aims to reach young scientists and professionals who are willing to present their bachelor, master, diploma or doctoral thesis in front of a wide audience of specialists. Please submit your abstracts for the poster competition online by 30/05/19 using the following link: www.der-geothermiekongress.de. For the poster presentations a price is awarded, which will be conferred within the scope of the German Geothermal Congress 2019. The selection is made by a jury.

Target Groups

- Scientists from universities, research institutions and authorities
- Representatives of geothermal companies
- Planners, developers, craftsmen
- Drilling companies
- Administrations, municipalities
- Energy suppliers
- Banks, insurances, investors

Congress fees

The congress fees include: congress participation and conference proceedings as well as beverages, snacks and lunch for three days. Speakers pay a special tariff. The student tariff applies to participants under 27 when a certificate of study or training is shown.

Further information can be found online at www.der-geothermiekongress.de.

Registration

Participants will be able to register online from 01/04/19 at www.der-geothermiekongress.de.

Evening Programme

The **icebreaker evening** will take place on tuesday (19/11) and our **social evening** will take place on wednesday (20/11). Every participant of the congress is warmly welcome to join. Take the opportunity to make new contacts in a relaxed atmosphere.

Please find more detailed information regarding the evening events and registration on the website of the German Geothermal Congress 2019 following the link www.der-geothermiekongress.de.
